

Infielders – Total Points

Description: Each infielder received six ground balls from the short stop position (2 at the SS, 2 in-the-hole, 2 up-the-middle). Each try was graded for fielding and throw to first base. Each try received a maximum of 25 points with a perfect score for all six tries being 150 points. The total score was computed by combining the scores for fielding and throwing with the two scores each player received on their 60 ft. throws that were timed with a radar gun.
