

Outfielders - Total Points

Description: Each outfielder was graded throwing two balls from a designated spot in right field into second base. The spot was measured 85 feet from second base. Each throw was worth a total of 50 points, so a perfect score for both throws equaled 100 points. The total score was computed by adding the score for throwing from right field with the two scores each athlete received on their 60 ft. throws that were timed with a radar gun.

First	Last	High School	60 ft. Radar Gun-1	60 ft. Radar Gun-2	Outfield Throws 85 ft.	Total Points Scored
Ashton	Hinds	Cerritos H.S.	59	60	100	219
